

Argonautica HD302 Portable Weighbridge

Portable Weighbridge NZ Made using load cells designed for use in a weighbridge application

Mild Steel - Galvanised option available (as per photo)

Robust construction using weighbridge load cells

Free floating deck can accommodate overhang for wider trailers

Steel Ramps

Easy set up and transportation

Sizes

Decks are 4m x 2.9m and are modular, so several decks can be joined together to form the required length of weighbridge.

Capacity

30000kg for two decks

Up to 60000kg for multi-deck configurations

Load cells

4 x 10ton shear beams per deck

IP68 Protection rating

NZ trade approved

Indicator Options

1/ Dini Argeo DFWT Weighbridge Indicator

- Simple and straightforward indicator.
- Fitted with database of 99 open input weighs and database of 30 quickly recallable tares.
- Suitable for use for static locations
- Fitted with attached thermal printer.
- **Single deck use only**

2/ Dini Argeo 3590EKR

- Multifunction high performance digital weight indicator in Rack version, complete with 4 connectors for linking the platforms, built-in rechargeable battery with charger, and case.
- Database of 1000 Articles with 3 alphanumeric descriptions of 3 lines of 20 characters, tare, linked customer.
- Database of 300 Tares
- Database of 200 Customers with alphanumeric description of 5 lines of 30 characters.
- Particularly suitable for mobile weighing applications.
- **Also available in touch screen version**

3/ Ricelake 920i with Scaletec Silage Weighing Software

- Dry rate/weight actual running total – no more manual calculation of the actual weight being processed.
- Can be entered for each weighing to allow for differences in moisture throughout the day.
- Can add new jobs on site – site foreman can input additional jobs on site through the indicator keyboard, allowing the flexibility to adapt to unplanned events
- Download information & jobs to USB stick – do all the number crunching back at the office – reduces paperwork on site and therefore minimises errors through human input, lost/wet paperwork etc. – simply plug your USB stick into your PC/Laptop at the office

Job: 1		30%	Run Tot	Job #1	Job #2
Reg:	321		151320 kg	36440 kg	18220 kg
TRAILER		% Dry	30%	50%	
G:	8200 kg	15810 kg			
T:	3250 kg	4630 kg			
N:	4950 kg	11180 kg
